

FROM THE EDITOR

Hi Clubbies!

Welcome to the June Edition of the HotDog.

I trust you are all keeping warm in this cooler weather!

Try not to let the cooler weather deter you from picking up the lead and heading out for a stroll or even staying in but being proactive with your training.

I have been training during ad breaks at night time when watching telly and it makes a vast difference!

Input from our members has been limited to date, so if you have an interesting article, photo's taken while out or any information for inclusion in upcoming editions of the newsletter, please email stacey.newton@live.com.au.

Have fun and stay safe and I'll see you out there!

Stacey Newton – HotDog Editor.
