- 28 & 29 July Sled Dogs WA Dwellingup Dash
- 7 August Trackwest Tracking Trial
- 15 August Trackwest Track & Search Dog Trial
- 16 August Cupcake Day

DID YOU KNOW?

You are in control of your dog's weight. If you can easily see his ribs, you are not feeding him enough. If he is round and you can't see a waist, you need to cut back on his food.

Older dogs need you to give them more exercise than younger dogs. The younger dogs play so much more, and mature dogs seem to sleep more and more as they age. So, they need to walk more. It may be hard on them to just walk for longer periods, so they need to walk more often instead.

Burning candles should not be kept low with a dog around. He can burn his face, or his tail can knock one over and start a fire.

CAN YOU DRIVE?

We are trying to create a roster of people to help with the van. If you train with a friend, family member, partner that can drop you off and transport your dog for you, you can probably help.

Remember, we are a club and rely on volunteers. If you think you could lend us a hand, please contact the Club via email for further information.

2010 HOT DOG DATES

Edition	Date of publication	Deadline to have material to the Editor
August	26	12
October	28	14
December	16	2
